

## Welcome to Super Monday Club!

Super Monday Club was a series of workshops designed by STACK Artist Collective for Look Again Visual Art and Design Festival and Denis Law's Streetsport, to add arts activities to the sports already provided by the highly successful Cruyff Court located at Catherine Street Community Centre.

The young people who took part in Super Monday Club were supported by STACK to develop their creative skills by taking photos and making collages, stickers, badges, drawings and stencils over the series of workshops, culminating in one final collaborative piece.

All the images created were sent to graphic designer Rob Lowe (aka Supermundane) as a starting point to inform his ideas as he developed plans for his new artwork, called Super Aberdeen which can be found on Catherine Street.
